Why Swinburne University of Technology?

Swinburne focuses on research and entrepreneurship and is always concerned with industry and technical training, which guarantees a real world education in any area of study. Swinburne is consistently ranked as one of Australia's top institutions in terms of the quality of the education provided to students. Plus, Melbourne is often considered one of the most livable cities in the world.

Swinburne describes itself as a "can-do" campus with students who make things happen. The two main campuses, Hawthorn and Prahran, are located in vibrant east Melbourne neighborhoods, (the center of hip with tons of shops, cafes, clubs, movies, etc). As an added benefit both locations are close to and even on public transport lines.

Swinburne is one of the most tech-intensive university in Australia and provides a few perks not available anywhere else.

Apply Now

AustraLearn has been appointed by Swinburne University of Technology as your application centre in Canada. Our services are FREE and you can apply online to SUT through our website.
